Additionally, many individual SHHS teachers also make themselves occasionally available to students for after school help if requested or hold study groups in their subject area. If more intensive tutoring is needed, the guidance office can provide you with a list of professional teachers who charge for their services. Some are Sacred Heart faculty members, some are not. The average rate of private professional tutoring ranges from \$30-\$50 an hour.

Peer tutoring is provided by NHS Members or other students who have shown superior ability in a subject area. Teachers have volunteered to supervise these tutoring sessions but are not the tutors. Peer tutoring sessions are free. Students needing to be tutored must be on time for these sessions and not be a distraction to the learning process or they will be asked to leave and not be allowed to use the tutoring services in the future. Students must provide their own transportation after school and rides need to be on time as students can not be left unsupervised. If a ride can not be secured until later, students will be expected to walk to the Public Library and wait there until they can be picked up. Students being tutored and their parents will be asked to print all information and to sign the bottom of this page reflecting an agreement to these terms of participation in the peer tutoring program. Questions can be directed to Mrs. Hartman (ahartman@shhsions.com)
