SACRED HEART HIGH SCHOOL

June 2010

Re: **Summer Math Assignments**

Dear Parent/Guardian,

For the past few years, the Math Department here at Sacred Heart has assigned a summer math assignment to be completed by all students enrolled in a math course for the following academic year. The department faculty has found that these assignments have helped students strengthen and improve their skills.

Each student will have to complete an assignment, based upon the math course for which they will be enrolled in the 2010-2011 school year. These assignments will be made available to students, as follows: (1) students may download their assignment from the school's website (www.shhslions.com); or (2) they may pick a copy up from the Main Office. Please note that the Main Office summer hours are Monday to Thursday, 8:00 a.m. to 1:00 p.m. The school will be closed from July 16-25. Any parent/guardian, who finds that their student is struggling to complete the assignments **independently and without a calculator**, should seek private summer tutoring. Struggling on the summer assignments is a sign that a student will struggle in their subsequent math classes. For information about tutoring or to ask any questions, you may contact me at jlutek@shhslions.com.

Sincerely,

Mrs. Jennifer L. Lutek
Mathematics Department Chairperson
